RE: **2008 Commercial Loan Participation Contact List**

Over the last few months we have received several requests from member banks seeking commercial loan participation partners. Considering the increased activity in this area the CBA will be re-instituting its Commercial Loan Participation Contact List.

This listing will include a primary and secondary contact from each institution and will include desired loan sizes and types. This listing will be available only to CBA member banks.

If your institution would like to be listed, please complete the attached form and mail or fax it (860-677-5066) to the CBA office.

The completed listing will be distributed at the beginning of February and if you have any questions or comments, please contact me at the CBA office.

Sincerely,

THOMAS S. MONGELLOW
Vice President & Treasurer
