**RE: CBA Web Seminar – NACHA Rule Implementation**  
**Thursday, June 24, 2010 -- 2:30 p.m. - 4:30 p.m.**

**Effective June 18, 2010**, the NACHA Rules will include a requirement for all financial institutions to conduct an ACH risk assessment, and implement risk management programs based on the results of the assessment. But to date no guidance has been provided to address the scope of the requirement, basically the rule states "in accordance with the requirements of your regulator", and as we know the regulators don't prescribe methodologies for preparing assessments and we won't know specifically what is going to be acceptable until they review what you have developed. Are you ready? This web seminar will provide an overview of the ACH risk assessment and risk mitigation process.

## HIGHLIGHTS

- Current laws and regulations requiring a risk assessment and risk management program
- The risk assessment process
  - Who should be involved
  - What are the risks
  - What are the controls
- Risk Management approach and checklist

## AUDIENCE

Risk managers, compliance, audit, ACH operations, operations management and IT personnel. **CE Applied:** 2.5 hours towards the CRCM/CFSSP designations with the Institute of Certified Bankers, an affiliate of the American Bankers Association.

## SPEAKER

Susan Orr, CISA, CISM, CRP, is an industry expert with vast regulatory, risk management, and security knowledge. During her 14-years as bank examiner, Susan held numerous lead positions including Regional IT Examination Specialist, Special Assistant to the Regional Director, and Special Assistant to the Vice Chairman of the FDIC. Susan was lead instructor for the FDIC's technology school. She currently consults for security providers and performs IT security/regulatory reviews for financial institutions.
