RE: Agility Recovery Solutions

We are pleased to remind members of our endorsement of Agility Recovery Solutions, one of North America's leading disaster recovery organizations. They have developed a turn-key business continuity solution called ReadySuite Financial, that provides an ideal recovery solution for CBA members. Since 1989, Agility has maintained a 100 percent success rate in recovering services to its members. Agility has a simple promise. If you have an interruption, they will deliver ReadySuite Financial, which includes any or all of the four key elements of recovery: power generation, technology, branch office and satellite phone & internet connectivity:

- **POWER** – 30,000 generators
- **TECHNOLOGY** – \$37 million in PCs, servers, tape drives, printers and fax machines
- **SPACE** – over 100,000 mobile units for retail and back-office operations, teller counter and more
- **CONNECTIVITY** – Satellite for voice and Internet access
