RE: Ascensus Retirement Plans Webinar Schedule For August 2010

WHAT IS A WEB SEMINAR?

Webinar is short for web-based seminar. Typically, the webinar is transmitted over the web. But the Ascensus webinar does not require access to the Internet. If you do not have Internet access, simply follow the PowerPoint® presentation that will be emailed to you and listen in as the Ascensus retirement industry experts walk you through the details of the webinar.

All webinars are approximately 60 minutes long followed by a 30-minute Q&A. A workbook (which you may duplicate) and a PowerPoint® presentation are included, unless otherwise noted.

KEY FEATURES

- Interactive elements provide the ability to give, receive and discuss information.
- Webinars may be audibly and visually presented through connections on your computer and telephone.

BENEFITS

- No travel expense and no time away from the office for you or your staff.
- One registration fee with one phone connection allows an unlimited number of attendees to participate in the training.
- Effective, efficient, and affordable training for all areas of your organization.

REGISTRATION INFORMATION

One registration fee per dial-in connection allows an unlimited number of participants to attend the webinar. Each webinar includes a workbook, PowerPoint® presentation, web conference access, and a question-and-answer session. One week before the webinar, you will receive an instructional email detailing connectivity and webinar functionality. As an attendee, you may access the archived webinar free of charge for 10 business days or you may purchase the recorded webinar on CD for \$100.
