## **RE: CBA Educational Program Survey**

The CBA provides a wide variety of educational programs throughout the year. Our seminars, conferences, and webinars, aim to support, inform, and assist the entire membership with high-quality professional development.

To better serve our membership, the CBA has designed a brief survey to assess educational programming needs including topics, content, and formats. Your responses to this survey will provide critical information that will enable the CBA to tailor our educational offerings to meet the needs for both education and professional development programming for our member banks.

Please take a few moments to complete this short survey at your earliest convenience.

We appreciate your ongoing support for our educational programs.

Sincerely,

KIMBERLY M. TUTTLE  
AVP, Director of Education
