RE: CBA Extends Office Depot Discount Program to Associate Members

The CBA is pleased to announce that it has extended its Office Depot discount program to Associate Members. The CBA's partnership with Office Depot as an Endorsed Provider is part of a national discount program which brings tremendous buying power and exclusive discounts for office products used daily. Annual savings from this program could more than make up the cost of yearly Associate Member dues. That is why we say, "Membership doesn't cost. It pays!"

The list of exclusive benefits includes:

- Select from more than 1,300 deeply discounted items frequently used, as well as office products, cleaning supplies, personal, protective equipment, furniture, and print solutions.
- Customize a list of up to 75 additional discounted items that are unique to your organization or that you purchase in high volume.
- Dedicated account manager, supported by product specialists and an award-winning customer service team.
- Help drive savings and compliance with quarterly business reviews from Office Depot's highly trained sales team.
- Receive your negotiated price or the in-store price (whichever is lower) when you present your Store Purchasing Card at any Office Depot or OfficeMax location.
- Enjoy free delivery on qualifying orders of \$50 or more, within Office Depot's delivery area.
- Leverage cost-saving tools, convenient reporting, and bill management through our world-class e-commerce platform.
- Give your associates access to the program's contract pricing through the Employee Purchase Program.

If you are a new Office Depot customer, [CLICK HERE](#) to register for a new account online.

If you are a current Office Depot customer and want to register for a new business account online to take advantage of CBA discounts, [CLICK HERE](#).

Contact Talitha Searcy at (512) 651-2579 or at Talitha.Searcy@officedepot.com to request that your account be connected to the CBA's program.

In addition to saving your organization money, your participation in this program drives an essential source of non-dues revenue to the Association. This helps to support our member banks through advocacy, education, and public relations programs.

SINCERELY,

THOMAS S. MONGELLOW
President, CEO & Treasurer
