RE: 2021 Directors & Trustees College

We are pleased to announce the Association's sponsorship of the **2021 Directors & Trustees College**, which will be held virtually on **Wednesday, September 8, 2021**, via Zoom. The program will commence at 8:30 a.m. with adjournment anticipated by 12:35 p.m. The **2021 Directors and Trustees College** is being offered by the Federal Deposit Insurance Corporation in partnership with the Connecticut Bankers Association. The program will be facilitated by the FDIC and will include three general sessions, outlined in the agenda below.

The **2021 Directors & Trustees College** is an interactive half-day program designed to help directors and trustees, both new and seasoned, stay abreast of current developments in today's financial services industry and is designed to provide ongoing education on current topics and various elements of bank supervision. A primary goal of this program is to illustrate to attendees the issues currently impacting their institution's financial performance, corporate governance, and risk management profiles. Directors also need to look forward, and this program will help provide an understanding of what issues may lie ahead and how they might impact their institution's strategic planning process.
