

Union Savings Bank Marketing Specialist Open Position.

The Marketing Specialist is responsible for supporting the day-to-day marketing functions of the Bank including advertising, branding, merchandising, digital website and compliance as well as tracking and monitoring the budget databases.

What makes one bank different than other banks in Connecticut? Not rates, not banking and financial planning services, not the number of ATMs, not the branch locations. No, it's the people; the knowledge, the experience, and the dedication of the people who work at the bank. And at Union Savings Bank, we never forget who we are and who we are working for; we embrace a relationship-focused mentality where we put customer needs before anything else. We're a local community bank that's been at it for over a century, building the bank as we help build the community.

Interested in a career that provides you with the ability to help people build their futures? Are you interested in a work environment full of friendly people committed to building a great place to be every day and in building a better community to live, work, and play in? We thought so, and would love to see if Union Savings Bank could be the place for you.
