

## **The First Bank of Greenwich**

### **Senior Commercial Credit Analyst**

#### Job Description

This position reports to the Vice President, Commercial Credit Manager, and is responsible for analyzing and underwriting new C&I, commercial real estate, and construction loan requests. The Senior Commercial Credit Analyst's primary responsibility is to review financial information and prepare an analysis to make credit decisions, contribute to the loan decision process, monitor the existing loan portfolio and evaluate credit risk. Other responsibilities of the Senior Commercial Credit Officer include performing renewals and annual credit reviews of the existing portfolio; acting as liaison to the Bank's Lending Officers in working with new and existing client base; and assisting the Commercial Credit Manager and Senior Credit Officer with various other projects, as required. The Senior Commercial Credit Analyst is to work effectively with the Chief Lending Officer, the Senior Credit Officer, and the Bank's Commercial Loan Officers to support all commercial loan processes.
